

Revelstoke Mountain Resort and Selkirk Tangiers Heli Skiing Launch Summer Heli Activities

For Immediate Release: June 11, 2015

Revelstoke, BC—Revelstoke Mountain Resort (RMR) and Selkirk Tangiers Heli Skiing (STHS) are excited to announce a brand new program of heli-accessed summer adventures in the spectacular Selkirk Mountains.

The line-up being offered for the inaugural summer of heli activities will include: helicopter sightseeing flights, heli hiking, heli-assisted alpine picnics, heli mountaineering, heli glacier trekking, and select heli-accessed mountain bike options.

The summer adventures will all take flight from the heli pad conveniently located at the base of Revelstoke Mountain Resort, just steps from The Sutton Place Hotel, and will be operated by Selkirk Tangiers Heli Skiing.

Jeff Honig, Operations Manager at Selkirk Tangiers Heli Skiing, said they are thrilled by the opportunity to introduce new and existing guests to over 50,000 acres of remarkable terrain this summer.

“While this is new territory for us as a business, it’s a familiar playing field in terms of taking guests into the mountains via helicopter,” he explained.

“I’m certain that guests are going to be blown away by the stunning alpine scenery, and we are looking forward to playing in the Selkirk peaks in warmer temperatures than we’re used to!”

As one of the original heli-skiing operations in the Revelstoke area, Selkirk Tangiers has been offering highly successful winter programs since 1978. The recent approval of the summer tenure application from the British Columbia Ministry of Forest, Land & Natural Resources makes this exciting next step possible.

The season is scheduled to run from July 3rd until September 7th. A full list of offerings is available at www.revelstokemountainresort.com

About Revelstoke Mountain Resort

Since 2007, Revelstoke Mountain Resort (RMR) has offered the most vertical in North America at 1,713 metres (5,620 ft.) of lift-accessed terrain, 3,121 acres of fall line skiing, 2 high alpine bowls, and 65 named runs, including legendary glades and phenomenal groomers. Revelstoke Mountain Resort is also the only resort worldwide to offer lift, cat, heli, and backcountry skiing from one village base. Across our group of companies, that include RMR, Revelstoke Cat Skiing, and Selkirk Tangiers Heli Skiing, skiers and snowboarders have access to a total of 515,000 acres of terrain. About Selkirk Tangiers Heli Skiing

For almost four decades, Selkirk Tangiers Heli Skiing's exclusive 500,000+ acres tenure in the Selkirk and Monashee Mountains has lured skiers and snowboarders from around the world. With an average of 40-60 feet of snowfall per year, our wide-open glaciers, massive old growth forests, and everything in between make it simple to understand why our terrain is one of the most famous in the world. Combine this with our partnership with Revelstoke Mountain Resort, offering world-class resort skiing, cat skiing, and other backcountry options out of the same base, it's clear why STHS is #1 on skiers' 'To Do' lists year after year.
