

Northland Perks

Our Northland Perks program is designed to provide all Northland employees with access to great discounts and offers at Northland restaurants, hotels, mountains, and sports facilities. We believe every Northland team member is a VIP and should be treated as such. Northland Perks are available to employees, and friends and family, per the below. Thanks for being part of the Northland team, and enjoy!

In addition to all of the internal perks and discounts that you currently receive in your brand, these Northland Perks apply to every Northland employee.

ADDITIONAL PERKS

All Northland employees are eligible for Gold tier benefits within RSVP Rewards. To enable easy access to Northland Perks, we are investigating creating a digital card to show at the time of redemption. Timing TBD.

We have partnered with Perkopolis to offer all Northland employees access to third-party discounts and rewards. From retail to travel, this partnership allows Northland employees to obtain thousands of additional perks to save money. We hope to enable this by October 2021.
